PLEASANT BAYOU FARM

Mark and Tiffany Koehn began raising Boer goats in Texas almost 10 years ago. They moved to Colorado in 2006. The Koehn's strive to raise structurally correct animals with as much muscle as possible. Known for goats with mass and power, Pleasant Bayou Farm has sold goats to eight states and has had numerous winners in both breeding and market classes.

Below are a few of the offerings in the sale. Visit their website at www.pleasantbayouboers.com or stop by the farm to see what they can do for your program.

EIEIOWE FARMS

E-I-E-I-Owe Farms, LLC was born in the late spring of 2000 to Scott and Lynda Pruett. Having a largely bovine background, the goat business didn't captivate our imaginations until a friend was looking for a good home for a couple of goats. Looking over the top of the weeds around the farm had become strenuous, so the need for a goat or two was obvious. Since that time we have developed a breeding program for our Boer goat herd that emphasizes "doe power", maternal traits, reproductive efficiency, growth traits, and correct conformation. We utilize a line-breeding and outcross program to concentrate those genetic qualities into a consistent, predictable, uniform product. We think you'll be pleased when you get them home and put them to work. Thanks for your attendance and support of our program!

MAUCK BOER GOATS

Mauck Boer Goats is a family operation consisting of Sherman, Jodi, and Jared. Mauck Boer Goats began in 2002 as a 4-H/FFA project – 87 Livestock - and has grown into a 100 doe herd that sells 50 – 60 show wethers annually as well as percentage to fullblood breeding stock. We are committed to producing functional goats with good mouths, clean udders, and strong Boer breed character. Our emphasis is on goats with good bone, deep, wide chests, strong tops and very sound feet and legs.

Our lead herd sires are Agnew 2-Strict (Strictly Business) and Shekindh's Flashing Pendragon, a father and son tandem that sired four Grand Champion market goats and five Reserve Grand Champion market goats in seven Colorado and Nebraska counties this summer. In addition, Mauck bred does were Reserve Grand Champion in the only two county fair shows in which they were entered.

The junior herd sires include our lead show buck, 4-M Mugsy's Loaded Cannon, a Wide Load son out of an outstanding Cannon sired doe. He is the service sire for the four yearling does we are offering for sale in the Colorado Boer Classic.

Mauck Boer Goats began showing fullblood goats in 2009 at the Colorado State Fair, where Pendragon was named Overall Reserve Grand Champion in the ABGA show. In 2010, we have shown at the Weld Goat Extravaganza – Overall Grand Champion Fullblood Doe; Weld County Fair IBGA Show – Overall Grand Buck and Overall Reserve Grand Doe; the Wyoming State Fair – Overall Grand and Reserve Fullblood

Does, ABGA, and Overall Reserve Grand Buck, IBGA.

**4-M Mugsy's Loaded Cannon
(Wide Load x Cannon) . Overall Grand
Champion at 2010 Weld County Fair,
Overall Reserve Grand Wyoming State
Fair (IBGA). Service sire to lots 14, 15,
28, and 29.**

Terms and Conditions of Sale

Terms: 100% - Cash (cash, cashier's checks, traveler's checks, business or personal - US currency). All checks must have proper ID. No credit cards accepted. All returned checks will be assessed a \$100 service charge. Sellers reserve the right to use any or all legal means to collect non-sufficient funds checks.

Bids & Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the Auctioneer accepted the last bid. The Auctioneer's decision in such matters will be final.

Announcements: Every effort was made to assure the correctness of the catalog, however, all announcements from the auction block will take precedence over the printed matter in this catalog. Buyers are therefore cautioned to pay attention to any such announcements or changes posted.

Certificates of Registry: Certificates of Registration will be furnished to the Buyer for each animal after settlement has been made. Buyers are responsible for all transfers. All goats sold are registered with the American Boer Goat Association.

Shipping: Assistance will be provided in making shipment after the sale, but the sales management and/or the seller assumes NO RISK. Expensed incurred are the responsibility of the Buyer.

Accidents: Although every precaution will be taken to protect the safety and comfort of the Buyers, neither the sales management, Auctioneer nor sellers assumes any responsibility in this matter and disclaims any liability, legal or otherwise, in case of accident or loss of property.

Health Papers: General health certificates will be furnished at the sale.

Breeders Guarantee: Any problems on any of the sale animals will be handled on an individual basis and between the original purchaser of the animal and the Seller. The Seller is not liable for damage caused by foreign bodies, veterinarian reproductive practices, shipping or handling problems, or sickness that was not apparent at the time of the sale. In the event of a dispute, the Seller will not be responsible for more than the purchase price of the animal.

THERE WILL BE NO LOADING OF GOATS UNTIL AFTER THE SALE.

HSAB HB Stacy
ABGA: 101885254

COMMENTS: A three quarter sister to Lot 6; she is one of our best and sells exposed to Loaded Cannon, our Wide Load son. This is your chance to get a fullblood program started or accelerate one already going. She is very well put together and shows a lot of brood doe potential. She has been shown. Pregnancy will be confirmed by ultrasound before sale day.

COMMENTS:

This 88% spring kid is beginning to show a resemblance to her grandfather Rocky. Three quarters of this girl goes back to the Farmer Stock Exchange. Why drive to Texas when you can get the quality here?

COMMENTS: A full sister to lot 32 from a triplet birth, she is the spitting image of her sibling. Mom raised all 3 kids with no assistance, so the maternal traits run deep in this quality fullblood offering.

COMMENTS: If you want a hint as to how she will grow up, check out lot 14. Power is how I would describe this doe, with an incredible top, a square rump and a terrific front end. She is out of one our top wether doe lines. This doe could be shown with success or bred to produce

a light weight wether for next year's fair.
